## **RESULTS OF COLIFORM ANALYSIS**

The sample tested negative for both Total Coliform Bacteria and for E. Coli Bacteria.

The Hill Country Underground Water Conservation District "District" in house laboratory analyses is not state certified. The results provided are furnished solely for the benefit of the person(s) bringing the sample in and providing the location of sampling site. The analysis results are intended to be representative of the water quality on the day of sampling only, and future samples from the same site may yield different results. While the District undertakes commercially reasonable efforts to provide accurate testing and analysis, no testing protocol is foolproof. The District disclaims any liability for the testing analyses, and report to every person whatsoever, including without limitations the person(s) bringing the sample in.
